

Five-star Hotel For All Tablets

Anthro's Charging Carts and Cabinets

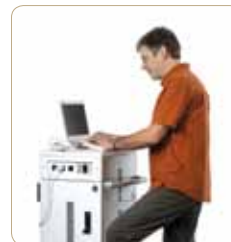

A small 2' x 2' footprint makes the cart perfect for crowded spaces.

Roomy bays hold a variety of tablets and their protective cases.

A separate locking IT area and easy cable management keep cords and plugs secure.

Plug in a laptop or other peripherals and use the cart as a standing workstation.

Why will you love Anthro's Tablet Charging Solutions?

Why You'll Love Anthro

Anthro's been in the business of making furniture for technology since 1984. Our product designers and engineers spend a lot of time in the field learning first-hand the challenges and needs of IT staff and end users. So we get it: tight budgets, minimal floorspace and the need to secure your technology!

Four reasons why you'll love Anthro's Tablet Charging Solutions:

1 Budget-friendly

There's plenty of room left in your budget with carts starting at \$1,499 MSRP and cabinets at \$719 MSRP (discounts available).

2 Small Footprint

Perfect for crowded spaces, the cart's footprint is just 2' square. At that size, it maneuvers through tight spaces and tucks into any corner when not in use. Or save valuable floor space with a cabinet that mounts to your wall or counter.

3 ♥ All Devices

iPad®, Android™ or both? With thick cases or without? We have solutions that fit your tablets and their storage configuration. A single cart or cabinet supports different devices from many manufacturers using the original cords.

4 An IT Favorite

Made just for them, there's a separate locking area for IT pros to organize cords and chargers. Cable channels along the bay dividers route cords to the IT area. Power adapters are plugged in and cords are bundled, tangle-free.

Small 2' x 2' footprint.

Mix and match tablet devices

Doubles as a teaching station.

Separate locking IT area.

Questions about tablets?

Count on Anthro! We can say with conviction that we're up to date when it comes to the tablet phenomena. But more than that, we love to share. **So even if you have no intention to buy from Anthro, give us a call if we can help you sort through the weeds.** We'll validate your plans, raise red flags, or just offer support!
